Release: February 27, 2018

The following schedule lists the monthly release dates for national, state and local unemployment information and jobs data for 2018 by the Massachusetts Executive Office of Labor and Workforce Development.

The unemployment rate and jobs data for Massachusetts are generally released on the third Friday of each month, with the exception of:

- Friday, March 9, 2018, when state unemployment and jobs data for the month of January 2018 and revised unemployment and jobs data for calendar year 2017 will be released.
- Friday, March 23, 2018, the fourth Friday of the month.

Local Area Unemployment Statistics (LAUS) are generally released on the Tuesdays following the release of the state unemployment rate and jobs, with the exception of the month of December, which will be released on Thursday, December 27, 2018.

Note that the statewide monthly unemployment rates consist of a combination of data from the Current Population Survey (CPS) of Massachusetts households, the Current Employment Statistics (CES) jobs survey of Massachusetts employers, and the unemployment insurance (UI) system.
